Dear Potential Sponsor:

Colorado's ladies masters pool team, *Slightly Competitive*, is gearing up for another national tournament in Las Vegas. The masters division is the highest recognized amateur level of pool. Winning both national team events in 2005, they are back for more. This year, there's a third team event with an opportunity to set an unprecedented victory over all three.

This is where you can be involved. We are seeking all levels of support from various unique businesses. If a financial contribution is not feasible at this time, we welcome any goods that may be auctioned off and any promotional/media support.

More than 300,000 pool players and spectators from all over the world are estimated to attend the upcoming national tournaments in Las Vegas, Nevada. This is an opportunity for vast exposure.

There are many ways that your corporation will benefit as a sponsor of this premier pool team. Please see the enclosed Sponsorship Kit for additional information and details on the sponsorship levels.

Thank you for your time and consideration. For more information about becoming a sponsor, please contact me at Samm@SammsPocket.com or (303) 667-8000. I will happily tailor a sponsorship package to meet your individual marketing and promotional objectives.

Sincerely,

Samm Diep

"Slightly Competitive"
